SPECIALIZED TO MEET YOUR EVERY NEED

ATLAS
AERIALS & EQUIPMENT

"Where service and safety meet"

Atlas Aerials is based out of Aurora, Wheeling, and Ottawa, Illinois. We have a full fleet of JLG equipment available to support all your projects requirements. Atlas Aerials is committed to safety while watching our customers bottom line.

Ordering Aerial Equipment?

Things to know when ordering aerial equipment:

- Max platform height needed.
- Welders needed on telescopic booms.
- Ground conditions equipment will be on.
- Dimensions of openings lift going through.

Other Items To Keep In Mind:

- Do you need an operator to run equipment.
- We can provide Local 150 certified operators.
- Are there any overhead obstructions.
- Ground conditions.
- Delivery restrictions.
